DAYTONA, FLORIDA, THURSDAY, APRIL 26, 1917.

15 CENTS A WEEK, DELIVERED

VOTE ON ARMY MEASURE PROBABLY COME SAT'DAY

GENERAL DEBATE IN HOUSE TO END WITH TODAY'S ADJOURNMENT

WASHINGTON, April 26.—The House agreed that the general debate on the Army bill will close with adjournment today, leaving only the summing up speeches by the leaders on both sides. The debate on the selective draft feature was continued in both houses today.

From present prospects the House will vote on the measure Friday night or Saturday. The Senate has agreed to vote not later than Saturday night.

**PRESIDENT OPPOSED TO
ARBITRARY CENSORSHIP**
WASHINGTON, April 26.—President Wilson in a letter to Arthur Brisbane, of New York said that he is opposed to any system of censorship that would deny the people of the United States the "indisputable right to criticize their own officials."

**WEDDED IN ST. AUGUSTINE
BUT KEPT MARRIAGE SECRET**
Since the departure about two weeks ago of Mrs. Imogene Barker, winter resident for several years of Emmet street, Palmetto park, it has been learned through that lady's own admission that she is no longer Mrs. Barker, having been married in St. Augustine about a month ago to J. W. House, of Daytona, Ky., who had been learned through that lady's own brother, D. N. House. The couple visited the Ancient City in company about a month ago and were married at that time but refused to acknowledge the fact on their return and lived apart during the two weeks they remained here. They went from this city to Daytona for a visit and then to the bride's northern home in Pelham, or New Rochelle, N. Y., where she has several married children and grandchildren.

D. N. House has been spending the winters here for several years and was this season joined by his brother who had not previously visited Daytona. Friends here will wish the couple many years of wedded happiness.

FIRST WEDNESDAY NIGHT DANCE VERY SUCCESSFUL

Between 30 and 35 couples were present at the dance given for the Moose band fund at the Casino Burgoyne last night, the affair being the first in the series of Wednesday night hops that will be given this summer.

Miss Hattie L. Taylor, violinist, led the orchestra and the excellent program of dance music given made the dance very enjoyable. As soon as the Moose band, which is under the direction of Bowen R. Church, has been rounded into form, the band will play at the dances.

The informal hops promise to be among the most popular features of Daytona summer life.

WINTER VISITOR DIES AT ONE OF THE LOCAL HOTELS

Mrs. Emma D. Whitney, wife of Joseph A. P. Whitney, of Akron, Ohio, died Wednesday afternoon at one of the local hotels, following an illness of some duration. The deceased was 71 years of age. The body was prepared for burial by the Bingham & Maley company, funeral directors, and will be forwarded tomorrow afternoon to Cambridge, Mass., for interment in Mt. Auburn cemetery. The remains will be accompanied north by the bereaved husband and a grandson, P. L. Whitney, who came to Daytona Monday.

Mrs. Edward F. Lyon and two interesting children, Elizabeth and Charles, left this morning for their home in Detroit, Mich., after spending the season in Daytona as guests of the Williams. On her initial trip here, Mrs. Lyon was delighted with Daytona and left reluctantly.

MEDICAL SOCIETY MET IN NEW SMYRNA

The Volusia County Medical society met yesterday in New Smyrna. Red Cross co-operation was arranged for. A paper on the indications for massage was read and discussed. Papers on dysentery and prevailing diseases were read. A luncheon was served in honor of the members by Mrs. L. B. Bouchelle. Members were present from DeLand and Daytona. In the event of county division it was decided to remain a unit as a society as it now stands.

Mrs. Elizabeth Manley, who, since she disposed of her residence property on First avenue has been making her home with her son-in-law and daughter, Mr. and Mrs. W. S. Edwards, at the LaVerne mansion on Bay street, is now occupying the new home which she recently had erected for her on her lot on San Juan avenue, having moved into the house on Tuesday.

French Commission Makes Several Official Calls Today

WASHINGTON, April 26.—The members of the French commission began their first day in Washington with a round of official calls. They were greeted with cheers on the streets and automobiles decorated with the French tri-color blew sirens.

ROOT ACCEPTS THE CHAIRMANSHIP OF RUSSIAN COMMISS'N

WASHINGTON, April 26.—Elihu Root, former secretary of state, has formally accepted the chairmanship of the American commission to Russia. The commission will be composed of three or four principal members with a number of aides. It is expected to leave for Russia in a few days. The needs of Russia, said to be political and financial, as well as transportation and commercial problems, will be discussed and such advice and assistance as may be required will be given by the American commission.

J. H. Williams, of Wichita, Kansas, who during the season had been employed in De Huy's jewelry store, left Wednesday for his northern home.

A. C. L. OFFICE TO CLOSE TOMORROW

All persons who desire to make reservations through W. D. Stark, district passenger agent for the Atlantic Coast Line railroad, should arrange to see Mr. Stark tomorrow morning between 9:30 and 12:00 o'clock, as he will close his office here tomorrow and return to his headquarters in Jacksonville and thereafter will only visit Daytona from time to time. Mr. Stark has been here, as usual, for several weeks in the interest of travel northward over the A. C. L., and for the accommodation of the patrons of that road, having desk room in the News office as for a number of years past.

GERMANY CAPTURES FIRST AMERICAN PRISONER OF WAR

LONDON, April 26.—The taking of the first American prisoner of war by Germany is reported through the American consul at Glasgow.

The above may mean that an American vessel has been submerged and the captain captured.

The People's Cash Market, which has been conducted during the season by Hurley & Wright, in the Smith building on Magnolia avenue, just west of the Clark drug store, will be closed Saturday for the summer and Mr. and Mrs. W. F. Hurley will leave Thursday of next week for Woodmont, Conn., where Mr. Hurley will engage in business for the summer season.

GERMAN-AMERICAN CLUB TO CONTINUE

Like other organizations in this vicinity, the German-American club proposes to observe the new observance of the Bryan act, but will hold as usual, its social meetings each Wednesday evening and serve coffee, pink tea, and other refreshments of a like nature in future.

Its officers believe that the members will still derive practically the same pleasure from the social meetings and that the club will continue to be of much benefit to strangers in the city, especially those of German extraction.

MOMENTOUS EVENTS SOON TO OCCUR BEHIND LINES

FLORIDA SECOND IN ENLISTMENTS AMONG SOUTHERN STATES

WASHINGTON, April 26.—Georgia led the Southern states in proportionate recruiting for the regular army between April 1 and April 24, contributing 26 7-10 p. c. of her war quota based on approximate population. Florida was second with 316 recruits, or 21 per cent of her war quota.

AUSTRIAN PARLIAM'T TO BE CONVOKED

VIENNA, April 26.—It is officially announced that Parliament will be convoked May 30 to deal with questions of food supply and "economic, social and financial problems."

The Austrian parliament has not been in session since before the war.

MEMORIAL DAY IN STATE OF FLORIDA

The Merchants bank of this city and the East Coast State bank of Daytona Beach were closed today in commemoration of Confederate memorial day, a legal holiday in this state on April 26th. No other observation of the day is made here as this city is largely composed of people from the northern states and the few Confederate soldiers and southern people residing here have accepted the northern Decoration day, May 30th, which is more generally observed in this city and vicinity.

Decoration day is a legal holiday throughout the northern states, District of Columbia and in Alaska, Porto Rico and Hawaii, but Memorial day is not uniformly observed in the south, the date being different in the various states. April 26th, in addition to Florida, is a legal holiday in Alabama, Georgia and Mississippi. This is a fact not generally known, the majority of people being under the impression that Memorial day is observed on April 26th in all southern states.

Geo. W. Munson and party, who had been located during the season in the Albert E. Shanks residence, 409 South Palmetto avenue, left Wednesday on their return to Grand Rapids, Mich. Mr. Munson, who is a retired railroad man, very much enjoyed his winter sojourn here and plans to come again next season.

INDICATIONS LOOK AS IF COUNTRIES ARE TIRED OF WAR

Indications are not lacking that momentous events are about to occur behind the fighting lines. The summary adjournment of the Reichstag after it was barely opened is given added significance by hints of German newspapers that the strike agitation may burst forth with renewed violence on May Day, the great international socialist holiday. The nationwide labor demonstration in Sweden also planned may have a counterpart in Spain. No news of importance from Austria for several days has given fresh vigor to the reports that the dual monarchy is seeking a separate peace.

Travelers from Turkey say the iron hand of Enver Bey and his German colleagues are the only things that are keeping the Turkish people in subjection. A striking example of German censorship is afforded by the news that German newspapers are not allowed to leave the country without being passed by government officials.

Wire fences charged with electricity have been erected on the German-Swiss frontier, and every precaution taken to prevent what is transpiring among the Central powers getting out.

Except on the French front few developments of importance are transpiring in the war theatres. The British continue to advance in Mesopotamia, but there is a curious silence regarding the Russian armies in Mesopotamia. Fighting last night in the Arras region seems chiefly in connection with a renewed German attempt to recapture the village of Gavrelle from the British. The Germans sacrificed thousands of lives in vain. The Germans also attacked the French on the Aisne, the French statement says, and the attack failed with heavy German losses.

The German statement announces that the Germans have reached the eastern boundary of Gavrelle.

QUARTER OF MILLION SAID TO BE ON STRIKE

WASHINGTON, April 26.—Reports to the State department through official channels tell of a strike of a quarter of a million laborers in Berlin.

"A DAUGHTER OF WAR" TO BE SHOWN FOR LOCAL RED CROSS

"A Daughter of War," a five reel war drama will be shown at the Arcade theatre Monday afternoon, and night for the benefit of the local branch of the American Red Cross.

The picture is a vivid tale of heroism, teeming with tense situations, and wherever it has been shown has caused a wave of patriotism, and awakened the men of America to their individual responsibility in the present crisis.

The picture is conceded by critics to be one of the best ever filmed, and has been endorsed by the American Red Cross society. Dainty May Ward, one of the cleverest actresses on the screen will be starred in the title role.

A matinee and night performance of the picture will be given.

Lieut. W. B. Day is the guest of his aunt, Mrs. John Blymyer, at her home 118 South Palmetto avenue, having arrived earlier in the week from Great Lakes, where he is at present stationed. Lieut. Day, who expects to spend a short while in Daytona, spent the greater part of the season here, being called north when war was declared.

"They are most welcome."

H. M. Taylor, of Lloyd, Fla., has just rented by wire, through the agency of Lucas, "the Land Men," the Hibbard cottage at Seabreeze, to be occupied through the summer season. Mr. Taylor as a commercial traveler, goes over the state a great deal and has usually taken his family to Tampa, for their vacation, but when he "come" and "saw" he quickly made up his mind that the great beach was so attractive that he could not get away from it.

PENINSULA PERSONALS.

The member of the first and second year high school classes of the Seabreeze-Daytona Beach high school enjoyed a fine trip to New Smyrna Wednesday afternoon. The trip was made in the Fords owned by Prof. H. E. Wakefield, Miss M. E. Brown, and R. E. Niven. The party left here in the early afternoon and returned about 5:30 after visiting places of interest in New Smyrna.

S. S. Pierson and family, who have been spending the winter in Seabreeze, left recently on their return north to their home in Newark, N. Y.

Mr. and Mrs. Chas. Mortimer plan to leave this afternoon on their return trip to Hartford, Mich., after spending the past winter months as usual at their cozy bungalow home, corner of Palmetto and Harvey streets.

Mr. and Mrs. Wallace S. Olds left today for their home in Lansing, Mich. They have as usual been spending the winter at their bungalow on Hollywood avenue and have had a pleasant season. These pleasant people have been coming to the beach for a number of winters, and have a large number of friends here who will be very pleased to hear that they will return to the beach next year.

George R. Nelson and family, who have been occupying the Boyd cottage, Hollywood avenue during the winter, left Wednesday on their return to their northern home in Binghamton, N. Y., after a very enjoyable season.

Optimistic Thought.

An ounce of patience is worth a pound of brains.

Breakage.

"What was that terrible racket over at your house this morning, Mrs. Smith?" "Nothing out of the ordinary. The maid broke some of our best china, and my husband broke one of the Commandments."—Philadelphia Ledger.

Found inspiration in Walking.

Goethe could not compose except while walking. Jean-Jacques Rousseau said: "There is something in the act of walking which animates and enlivens my ideas; I can scarcely think while I remain still. My body must be in motion so that my brain may be. The sight of the countryside, the succession of agreeable views, the open air, the fine appetite which I gain in walking, all this liberates my soul and gives me greater boldness of thought." But the ideas formulated in the walks frequently found expression in the long hours of the night when he was suffering with insomnia.

Penalty of Perfection.

"To be happy," said the curate, "a man should decide on one thing he would like to do well, and then perfect himself until he can do it better than anybody else." "Another story book virtue, doctor," said the old member, "that doesn't work out. There is Ivy, for example, the loneliest man in the club." "And what about Ivy?" "He plays such a good game of billiards that nobody will play with him."—Judge.

He Would Wait.

The mother told her little son that he could bring home two little boys after kindergarten. She left three apples for them to eat. Instead of bringing home two little boys, her little son brought home six boys. The maid said: "Well, George, I will have to cut the apples in halves now, because we have not enough for each child." Suddenly one of the children, who had eaten his fill of candy, said: "Well, don't give me a half, I am not hungry now, and tomorrow I will come for a whole one."

How Grass Grows on Hard Ground.

It may be a matter of surprise that tender young grass can ever force its way up through hard ground. The principle is the same as that of opening a tin of condensed milk. The sharp point of the tin opener is first inserted in the tin and when an entrance has been forced the blade can follow. So it is with the grass. Each blade has a fine point, which by the mysterious power of growing life, forces its way between the particles of soil, however tightly they may be packed together, and thus a passage is made for the blade to follow.

Homer's Soldiers.

The Greek killed troops, the Enzonos, bear a variant of a name which was given to troops in the days of ancient Greece. Enzonol, meaning well-girdled and so girded for exercise as killed men are, were light troops or even the heavily-armed hoplites. At first however, the term, as in Homer, was used only regarding women, the "zone" being the lower girdle worn by them about the waist, but by an easy and natural transition this came to mean a man's belt. Then, as the belt supported the short skirts, killed men were called well-belted.

Playthings for Lions.

Superintendent Anthony McNally of the zoo tells me he decided to give Jim and Babe, the two big lions in the roundhouse, something to amuse themselves with, so the other day two wooden spheres about the size of the old-fashioned bowling balls were received. These were very gingerly placed in the cages. From the moment the big natives of the jungle got their first glimpse of them no threatening circus ever held any livelier program. As a cat plays with a mouse, so did they knock about the balls of wood. The latter are indestructible, however, and try as hard as they may the lions cannot tear them to pieces.—Boston Post.

DAYTONA WINS BOWLING CONTEST BY 23 POINTS

The bowling contest held at the Daytona Arcade team and the team of the Deland Commercial club proved to be the most exciting contest ever played between these teams, being finally won by the local team with a lead of only 23 pins.

The games were close through the whole series and although the bowlers of the county seat tried their level best, they found it impossible to quite equal the experts of this city. Other games are to be played in the future.

BISHOP TELLS HOW TO SEE YOURSELF GO BY

Chicago.—Here are ten rules to "See Yourself Go By," as laid down by Bishop Charles Bayard Mitchell of St. Paul, in an address here:

- Don't think you see yourself in a mirror.
- Don't imitate Charlie Chaplin; be yourself.
- Don't expect somebody to do your job.
- Don't worry about your health.
- Don't wait for dead men's shoes.
- Don't lose your nerve.
- Don't think yourself a failure.
- Don't be a misfit.
- Don't stop until you find your place.
- Don't try to make your children duplicates of yourself.

MIDDLE-AGED MAN'S CHANCE

War Gives Him Opportunity to Return to Service in the Business World.

Chicago.—War clouds already have resulted in giving the man of middle age his opportunity to return to active service in the business world. Employers today are giving the preference in jobs which both can do equally well to the man who is not available for military duty, instead of to the man who may be called to war.

So reports the Employers' Association of Chicago, which last fall undertook to put the man whose age has caused him to be regarded as "through" into a position where he will be independent of charity.

"The prejudice against the man of more than forty-five rapidly is vanishing as a result of our experiment," said Peter J. Dunne, manager of the employment bureau. "Slowly, but surely, the employer is beginning to realize that the middle-aged man still is able to do a man's work and often better than the untrained youth. There has been a perceptible jump since war has been hovering over us. The 'old timer' will be mighty useful when the young man is called to the defense of his country."

EVEN PICKLES ARE HIGHER

United States Government Buys Thousand Barrels for Army and Navy.

New York.—A government order for several thousand barrels of dill pickles for the army and navy has served to increase the price of next season's crop at Riverhead and Calverton, L. I., where a large part of the pickles are grown. Yesterday, J. Fred Smith, buying agent for a large Brooklyn pickling house, was interviewing farmers at Riverhead and Calverton regarding next season's crop. He made as many contracts as he could sign up for the entire crop, the price being \$3 per thousand. The ruling price had been from \$2 to \$2.25.

Farmers expressed the belief that the government's concern over next season's pickle crop indicates a move for food preparedness all along the line, as pickles are regarded more in the light of a luxury than a necessity.

Urged to Study Chinese.

San Francisco.—Every California schoolchild should be taught to read, write and speak the Chinese language fluently.

This was the statement of Julian H. Arnold, American commercial attaché to China and Japan, in a speech at a Commercial club luncheon, at which the China Commerce Club of California was organized.

In Peru's Capital.

In connection with the name of Lima two characters will always be intimately associated with its historic memories—Pizarro, the intrepid conqueror, whose remains rest in the cathedral whose cornerstone he laid who founded the capital and gave it the name of La Ciudad de los Reyes (The City of the Kings), and second a young girl who renounced a life of social ease and pleasure and became renowned for her piety, a renown which resulted in her canonization by Pope Clement IX, in 1671, under the name of Saint Rosa of Lima, the patron saint of the capital city as well as of all Catholic South America.

FLORIDA EAST COAST AUTOMOBILE CLUB TO ABIDE BY BRYAN LAW

FAMOUS AUTO ASSOCIATION DECIDES TO DISORGANIZE AS NEW STATE LAW GOES INTO EFFECT.

After an existence of more than 15 years, during which more millionaires have been on its roll of members than in any other club of its size in the country, the Florida East Coast Automobile association has decided through its board of directors, to be the first organization in the state to comply with the provisions of the Bryan law, which has recently been passed by the legislature and signed by Governor Catts. Previous action had been taken after the act was first passed closing the club so far as serving liquors from the lockers of the members and the final step has been pending until the governor approved the new law.

Later the clubhouse will probably be opened on a less pretentious scale than it has been conducted in the past.

The association was one of the most noted automobile clubs in the world. Among its members have been the greatest sportsmen and motorists of the country. Scores of the most important races ever held in the United States have been under the auspices of this club. The most important short distance speed records ever made were timed by A. A. A. officials at the F. E. C. A. A. clubhouse. These records include the three made by Bob Burman on April 23, 1911 with the Lightning Benz, which have never been equaled since. The kilometer, mile and two miles, against time. Thus as a factor in advertising Daytona Beach to the world, this club has been most prominent.

The club has always been socially among the foremost in Florida. Its clubhouse has been the scene of many pleasing events in years past. Its members and friends will note its closing with many regrets.

KALAMITY KLUB SPENT THE AFTERNOON WITH MISS BARRON

The Kalamity Klub played auction yesterday afternoon as the guests of Miss Inez Barron at her home at the Magnolia house. Miss Dora Williams made high score and received the club prize.

After the card games the hostess served a dainty refreshment course. Miss Edna Wallace was a guest of the club at the meeting yesterday. Next week Miss Arline Crunshaw will be hostess at her home on Ridgewood avenue.

"Going" Requires Effort.

There's something gained in being able to go with the swiftness of steam and electricity and gasoline, but there is also something lost, and that is the going. Being picked up at one place and set down at another without any physical effort isn't "going."

Note First Symptoms of Disease.

Many diseases are most catching in the early stages before even a physician can tell that anything serious is the matter. Measles, for instance, which is a very dangerous disease and often fatal to young children, is most catching at the beginning when the child who has it has no signs of illness except a running nose. Such a child may feel well and may go to school and to parties and mix with other children and infect a great many of them with measles. Diphtheria often begins with a slight sore throat, and whooping cough with a slight cough.
